

Establishing a Recycling Innovation Centre for the MedTech Industry

An Industrial 'Open-Day' for MedTech companies to visit ReMed laboratory facilities and to influence the shape of an 'Innovation Centre' for developing economically viable and environmentally sustainable recycling technologies and processes for medical devices.

Tuesday 11 November 2025

**Morning Session 10:15 – 14:00 or
Afternoon Session 11:45 – 15:30**

**Wolfson Building,
Loughborough University LE11 3TU**

Who should attend: We are inviting decision-makers and influencers in the design, manufacturing and reprocessing of medical devices to get involved in shaping the future of circular healthcare in the UK.

Programme

Morning Session: 10:15-10:30 Arrival and refreshment | 10:30-11:50 Laboratory demonstration of recycling technologies developed in the UKRI-EPSC funded ReMed project.

Shared Consultation Session: 12:00-12:30 Presentations on progress on the Design-for-Life Roadmap (DHSC) & review of the Clinical Waste Strategy (NHS England) | 12:30-13:00 Consultation on the organisation of UK innovation in medical device recycling | 13:00-14:00 Lunch (consultation continued).

Afternoon Session: 11:45-12:00 Arrival and refreshment | 12:00-14:10 Shared as above | 14:10-15:30 Laboratory demonstration of recycling technologies developed in the UKRI-EPSC funded ReMed project.

Free to attend

To reserve a place send an email to admin@remed.uk

Places are limited to 20 for each of the morning and afternoon sessions on a first-come first-served basis
