

PROTECT Platform

Platform Randomised evaluation of clinical
Outcomes using novel TEChnologies to
optimise antimicrobial Therapy

protect@cardiff.ac.uk

Collaborate
Evaluate
Learn
Build
Adopt

Evaluate Efficiently and
bring into clinical use
rapidly

Bring together
clinicians, innovators,
academics
and industry

Submit stage 1
application for
funding
November 2023.
Funding outcome
by July 2024

We provide a platform (clinicians, KOLs,
hospitals, patients, data and sample
collection, methodologists, approvals)
for commercial partners to evaluate
new diagnostic technologies to tackle
AMR.

Company pays for consumables /test
kits. Funder pays for platform
infrastructure

Link to global diagnostic
actors like GARDP and
FIND

Engage and
dialogue with
NICE, MHRA,
BIVDA, ABHI to
ensure rapid
pipeline from
innovation to
adoption

Work closely with NIHR MICs, AHSN, CRNs
