Building	The need for medical equipment	
	Equipment	Quantity
Operating rooms	Reanimation aspirators	3
	Surgical aspirators	3
	Patient monitor with invasive blood pressure module	3
	Medical table SI4	9
	Anesthesiologist's table	3
	Mobile shadowless operating lamp	1
	Stationary shadowless operating lamp	3
	Wall-mounted bactericidal air irradiation device	3
	Hydraulic stretcher	3
	Manipulation dressing table	9
	Instrument table	3
	Operating table	1
	Patient warming system on the operating table	3
	Centralized oxygen supply system	1
	Bobrov's apparatus	6
	Cold sterilization device	3
	Large surgical instrument set	4
Small surgical instrument set	4	
Medical cabinet	9	

	Stand for sterilization containers	6
	Basin stand	6
	System for drainage of anesthetic gases from the operating room	3
	Grounding system for equipment under voltage	3
	Portable electrocardiograph	1
	IV stand	9
	Container for disinfectants and disinfection	6
	Bone processing device	1
	Skeletal traction device	4
	Mobile X-ray diagnostic apparatus (backup)	1
	Arthroscopic stand	1
	Sterilization containers	32
	Stand for sterilization containers	12
	Set of chisels	1
	Orthopedic-traumatological surgical instrument set	2
	Sterile instrument storage chamber	3
	Ultrasonic otolaryngological device	1
	Galvanocouter	1
	Ear probe with winding	5
	Otolaryngological chair	1
	Electronic laryngo stroboscope	1
	Binocular telescopic loupe	2
	Pressure gauge	1
	Optical operating microscope	1
	Negatoscope	1
	Head-mounted illuminator	3
	Frontal reflector	3
	Electrocoagulator	1
	Gynecological surgical instrument set (for cavity operations)	1
	Multifunctional patient monitor with non-invasive hemodynamic measurement (non-invasive device for monitoring of blood pressure, heart rate, ECG, SpO <sub>2</sub> , t°)	13
	BIS monitor for monitoring the depth of sedation and anesthesia	1

<b>New surgical and therapeutic building</b>	Mobile medical instrument tool cart with power socket	4
	Peripheral nerve stimulator for conductive anesthesia	1
	Portable electrocardiograph	1
	Membrane plasmapheresis device	1
	Acute hemodialysis device "Artificial Kidney" (in the absence of extracorporeal detoxification department)	1
	Portable shadowless lamp	0
	Functional hospital bed	5
	X-ray diagnostic ward system	0
	- convection (abdominal) with a frequency of 2-6 MHz	0
	- sector phased array (cardiac for EchoKS) with a frequency of 2-4 MHz	0
	High-quality blood gas analyzer with electrolyte, glucose, and lactate measurement capability	1
	- Hemodialysis sets	30
	Portable electrocardiograph	1
	Electroneuromyograph	1
	Echoencephalography device	1
	Rheography device	1
	Reanimation aspirators	3
	Surgical aspirators	3
	Patient monitor with invasive blood pressure measurement module	3
	Mobile shadowless operating lamp	3
	Stationary shadowless operating lamp	8
	Wall-mounted bactericidal air irradiation device	3
	Hydraulic stretcher	3
	Operating table	5
	Patient warming system on the operating table	3
	Centralized oxygen supply system	1
	Bobrov's apparatus	40
	Cold sterilization device	3
	Large surgical instrument set	4
	Small surgical instrument set	4
System for drainage of anesthetic gases from the operating room	3	
Grounding system for equipment under voltage	3	

Portable electrocardiograph	5
Bone processing device	3
Skeletal traction device	10
Arthroscopic stand	1
Orthopedic-traumatological surgical instrument set	5
Sterile instrument storage chamber	8
Ultrasonic otolaryngological device	1
Galvanocouter	1
Otolaryngological chair	1
Electronic laryngo stroboscope	1
Binocular telescopic loupe	2
Ophthalmologic operating microscope with coaxial illumination for surgeon and assistant	1
Negatoscope	1
Head-mounted illuminator	3
Electrocoagulator	1
Gynecological surgical instrument set (for cavity operations)	1
Device for phacoemulsification of cataracts	1
Slit lamp	2
Optical coherence tomography device	1
Autorefractor Keratometer	1
<b>Mounted medical equipment:</b>	
Washer-disinfector of the pass-through type	3
Sterilization machines of the pass-through type	5
Low temperature sterilization machine for pass-through type	2
Washing and disinfecting machines	5
Drying machines	2
Surgeon's ceiling console	6
Ceiling console for anesthesiologist	6
Operating lamp with two domes	8
Operating table mounted with a patient transfer system	8
Ceiling consoles/wall modules for the supply of therapeutic gases and power supply for medical equipment	6
Wall-mounted modules for the supply of therapeutic gases and power supply for medical equipment	6

Plates	2
Cabinets for baking and frying	2
Mechanotherapy device (set)	1
Skeletal traction device	4
Spoke compression and distraction device	2
Patient warming system on the operating table	1
Intravenous laser blood irradiation device	1
Portable electrocardiograph	1
Small surgical instrument set	5
<b>Ophthalmology:</b>	1
Slit lamp	2
Optical coherence tomography device	1
Autorefractor Keratometer	1
Microsurgical system for cataract phacoemulsification	1
A-scan ultrasonic biometer	1
Microsurgical instruments for ophthalmic operations (for glaucoma, cataract, foreign body removal, and anterior chamber surgeries)	5
Pneumotonometer	1
Ophthalmometer	1
Synoptophore (for diagnosing and treating strabismus)	1
Disinfection chamber	1
Medical table SI4	9
Anesthesiologist's table	3
Stationary shadowless operating lamp	3
Hydraulic stretcher	3
Operating table	1
Patient warming system on the operating table	3
Cold sterilization device	3
Large surgical instrument set	4
Small surgical instrument set	4
Medical cabinet	9
Portable electrocardiograph	1

	Skeletal traction device	4
	Arthroscopic stand	1
	Sterilization containers	32
	Stand for sterilization containers	12
	Orthopedic-traumatological surgical instrument set	2
	Sterile instrument storage chamber	3
	Ultrasonic otolaryngological device	1
	Otolaryngological chair	1
	Electronic laryngo stroboscope	1
	Ophthalmic surgical microscope YZ20T4 - "BIOMED"	1
	Electrocoagulator	1
	Gynecological surgical instrument set (for cavity operations)	1
<b>Building of obstetrics, gynecology and pediatrics</b>	Transport medical ventilator	1
	Functional (transformer) delivery bed	1
	Infrared warmer for newborns "Radiant Warmth"	5
	Transport incubator	1
	Preoperative module (UFO preferred) for storing sterile sets of instruments, surgical garments, dressings, medications, etc.	1
	Infusion fluid warmer device	1
	Multi-functional surgical table with electric drive or hydraulic drive with drive in the set	1
	Hysteroscope	1
	Surgical instrument set	5
	Endoscopic instrument set	2
	Venesection kit	1
	High-frequency electrosurgical unit	1
	Chamber for sterile instruments storage	2
	Incubator for newborns	3
	Heated newborn bed	5
	Functional adult hospital bed	5
	Newborn warming system with water/gel mattress	5
	Multichannel electrocardiograph	1
Functional hospital bed	10	

	Acid-base status determination device	1
	Neonatal intensive care incubator	2
	Neonatal monitor with cuff kit	3
	Arterial blood pressure and electrocardiogram Holter monitoring device with computer	1
	Electrosleep therapy device	1
	Ultra high frequency therapy device	1
	Therapeutic laser device	1
	Low-frequency physiotherapy device	1
	Ultrasonic therapeutic device	1
	Portable ventilator for artificial lung ventilation (set)	1
<b>Medical and diagnostic building</b>	<b>Pre-medical reception room of the consultation clinic</b>	1
	<b>Day Hospital with One-Day Surgery Department of the Consultative Polyclinic</b>	1
	Intravenous laser blood irradiation device	1
	Portable electrocardiograph	2
	External pacemaker	1
	Shadowless lamp	4
	Rectosigmoidoscope	1
	Pharmacy safe	1
	Operating table	2
	Dry heat cabinet	1
	<b>Women's clinic of the consultative polyclinic</b>	1
	Gynecological examination chair with a lighting lamp	6
	Shadowless medical illuminator (mobile)	1
	<b>Cardiology room of the consultative polyclinic</b>	<b>1</b>
	Multichannel electrocardiograph	1
	<b>Neurological room of the consultative polyclinic</b>	<b>1</b>
	Hand dynamometer	1
	Electroencephalograph	1
	<b>The office of an orthopaedic traumatologist at the consultative polyclinic</b>	<b>1</b>
	Device for repositioning bones of the lower limbs	1
Medical dressing table	1	

	<b>Urology room of the consultation clinic</b>	<b>1</b>
	Gynecological (urological) examination chair	1
	Bactericidal irradiator or Xenon ultraviolet installation	1
	Dry heat cabinet	1
	<b>Ophthalmology room of the consultative polyclinic</b>	<b>1</b>
	Accommodation and astigmatism measurement device	1
	Astigmatism correction device	1
	Gonioscope	1
	Dioptrimeter	1
	Color vision test	2
	Slit lamp	1
	Maculotester	1
	Set of trial optical lenses and prisms	1
	Ophthalmometer	1
	Binocular headlamp ophthalmoscope	1
	Handheld ophthalmoscope	2
	Visual field test device (perimeter)	1
	Intraocular pressure measurement device	1
	Refractometer	1
	Synoptophore (for diagnosing and treating strabismus)	1
	Echoophthalmograph	1
	<b>Otorhinolaryngology office of the consultative polyclinic</b>	<b>1</b>
	Device for eardrum massage	1
	Insufflator	1
	Barany chair	1
	Ear manometer	1
	Set of otolaryngological instruments	10
	Negatoscope	1
	Otoscope	1
	Forehead reflector	2
	<b>Endocrinology room of the consultative polyclinic</b>	<b>1</b>
	<b>Pediatric neurologist office of the consultative polyclinic</b>	<b>1</b>

	Hand dynamometer	1
	Electroencephalograph	1
	<b>Manipulation room of the consultation clinic</b>	<b>1</b>
	Pharmacy safe	1
	<b>The office of the dentist-therapist of the dental department of the consultative polyclinic</b>	<b>1</b>
	Dental unit with a patient chair	1
	Photopolymer lamp	1
	Storage cabinet for sterile instruments	1
	<b>Rooms for physiotherapy, physical therapy and therapeutic massage</b>	<b>1</b>
	Galvanic therapy device	5
	EHF therapy (extremely high-frequency therapy) device	2
	Laser therapy device	2
	Electrosleep therapy device	2
	Microwave therapy device	2
	Portable shortwave (CMV or centimetre-wave) therapy device, portative	2
	Portable microwave therapy device	2
	Diadynamic current therapy device	2
	Magnetotherapy device	2
	Massage, vibration massage, pneumatic massage device	3
	Ultrahigh-frequency therapy device	3
	Low- and medium-frequency ultrasound therapy device	2
	Electromyostimulator	4
	Singlet oxygen inhaler	2
	Ultrasonic inhaler	4
	Medical zone decompression chamber	2
	Infrared lamp on a stand	3
	Ultraviolet irradiation lamp	2
	Paraffin heater	1
	Pharmacy safe	1
	Laser physiotherapy device	2
<b>Pathological and</b>	Water distiller	1
	Paraffin embedding machine	1

<b>Anatomical Department</b>	Paraffin melting machine	1
	Pharmacy scales	1
	Goryayev chamber	4
	Stationary shadowless lamp	1
	Binocular microscope with oil immersion	2
	Sledge microtome	2
	Eyepiece set for the microscope	2
	Quartz irradiator	1
	Pneumatic rolling chair (with height adjustment)	1
	Microphotometric device for the microscope	1
	Dry air sterilizer	1
	Thermostat	2
	Refrigeration unit for corpses 2-4 cubic meters	1
	Photocolorimeter	2
	Centrifuge	2
Fume cupboard	4	
<b>Infectious Department № 1, 2</b>	Vulkan Inhaler	2
	Compressor inhaler	1
	Ultrasonic inhaler	1
	Gynecological chair	1
	Shadowless lamp	2
	Centrifuge	1
	Dry heat cabinet	1
	Pharmacy safe	1
	<b>Central Sterilisation Department:</b>	
	Autoclave	1
	Stationary ultraviolet irradiator	5
	Safe for instrument storage	2
	Equipment for washing and disinfecting syringes and instruments	1
	Equipment and table for packaging syringes and instruments	1
	Dry heat cabinet	1
